UK registered SMEs can apply for a share of up to £15 million to develop innovative solutions to health, and healthcare, challenges. This funding is from Innovate UK.

The aim of this industry-led R&D competition is to support SMEs to develop innovative solutions to address health, and healthcare, challenges.

The industry led research and development (R&D) stream of the Biomedical Catalyst programme supports pre-market R&D projects. You must be able to demonstrate existing evidence of commercial and technical feasibility.

## Proposal Requirements

Your project can focus on any health, or healthcare, sector or discipline including:

- Advanced therapies (including gene and cell therapies)
- Biosciences
- Preclinical technologies and drug target discovery
- Therapeutic and medicine development
- Diagnostics
- Medical technology and devices
- Precision medicine
- Digital health
- Independent living

## Eligibility

- Projects lead must be a UK based SME and carry out all work in the UK.
- Can include Industry partners, academia and/or an RTO.
- Large businesses must collaborate with at least one SME.
- Sub-contractors are allowed in this competition but must be UK based and the costs are limited.

## How can Streets help?

### Grant Search

The grants landscape is complex and wide, knowing what funding options are available for your projects can save you time and resources. We can understand your projects and business aims and identify the most relevant funding areas for your business.

### Bid Writing

Writing a grant application can be a time consuming and difficult process with very low success rates. Streets bring a unique understanding of the application process including eligibility requirements and the ability to create compelling applications to not only increase your chance of winning but also free up your time and resources to focus on core business activities.

### Project Scoping

Do you have an innovative idea and want to explore funding but need to accelerate your development and identify the risks within your project and any barriers to success alongside?

We can help you to develop those novel ideas into projects and establish the opportunity, the need and any gaps in capability.
